# FAMILY LITERACY

# WHO WE ARE

## All services are free.

The Family Literacy program helps families learn together. Parents become their child's first and most important teacher, and children are prepared for kindergarten. Families become stronger, healthier, and prepared for success.

We will support your family every step of the way. Our staff can connect you with resources for food access, housing assistance, and more. We have helped thousands of people improve their futures, and you can be next!

# STUDENTS SAY...

"I came to ProJeCt of Easton to obtain my GED and to improve my math and writing skills to prepare for college. I also came to ProJeCt because I can give my 10 month old son a good literacy foundation while I am in class. He is enrolled in the ECE classroom.. ProJeCt has helped my family a lot."

"When I learned about ProJeCt, I was excited because I could study English and there was a preschool program for children. They helped me become a US citizen, and complete the English as a Second Language Program. Now I am in the GED class. My new goal is to go to college. I'm thankful for ProJeCt for giving me and my daughter the opportunity to change our lives."
